

Q&A RITIS UG Meeting – 3/5/26

RITIS Enhancement and Updates Session (Michael Pack)

Trip Analytics

Conor Hill

Q: Hi! When will these new 'Any/All' features for Trip Analytics become available for users?

A: We expect to roll these new features out to one state at a time, starting in about 2-3 weeks.

Truck Parking

Tyler Graham

Q: Gregory, very interested in learning more about the truck parking application. Please reach out by email: tyler.graham1@txdot.gov

A: Glad to have your participation, Tyler. I will contact you directly to bring you on board.

Spotlight Presentations

TPB FY26 Congestion Management Report

Ben Chaney

Q: For the TPB Report presentation - does the report or the agency (in the executive summary) have an overall preferred metric or combination of metrics? Put another way, is there an answer to the question of "where is congestion the worst"? Or does the answer to that depend on the context and choice of metrics to discuss?

A: Charlene Howard answered with-The StoryMap is not available publicly yet as it is a work in progress, you are welcome to reach out to us with questions after this webinar
